

HP Future Smart Firmware Printers

Monochrome Maintenance Kit reset procedure

- LaserJet M600 series (M601, M602, M603, M604, M605, M606, M607, M608, M609)
- LaserJet M600mfp series (M630MFP, M631MFP, M632MFP, M633MFP)
- LaserJet 700 series (M712, M725MFP)
- LaserJet M4555 MFP

HP maintenance kit count resets have previously been in a startup or pre-boot menu but the following applies to the above printer series.

From printer's home ready screen:

Scroll down to > “ADMINISTRATION” > “MANAGE SUPPLIES” > “RESET SUPPLIES” then select “NEW MAINTENANCE KIT”

The HP LaserJet M800 series (M806 and M830MFP) have the maintenance reset built into fusers and will reset the maintenance count upon first (and only first) time the printer is turned on.
